

Group Discussion and Application

1. What sorts of disasters/"plagues" have you witnessed/experienced?
What were the responses of those around you who experienced these events?
2. Why do you think God brings/permits catastrophes?
3. How should we respond to the calamities of life?
4. Does God still use natural disasters, plagues, disease, etc. as means of judgment today? How do you know?
5. What does Pharaoh's persistent rebellion in the face of dreadful consequences teach us about sin?
6. What are some Scripture verses that should instruct and comfort us in the midst of disaster?
7. What is the attitude of people today about the future, final judgment of God? How do you account for these attitudes? What should our attitude/response be?
8. What does the Bible teach about the future judgment and preparation for it?

Personal Reflection and Response

1. Are you prepared for the judgment of God yet to come? How do you know?
2. What changes in attitude/action do you need to make concerning the coming judgment?
3. Do your own research on "God's judgment".

Family Homework

1. What are some of the worst events you have experienced?
What did you learn from these situations?
2. What plans has your family made in preparation for disasters (e.g., fire, tornado, etc.)? Review your plans. Why is planning and preparation important?
3. Examine Scripture passages that teach us about the coming judgment. How are we to prepare for the coming calamity at the end of the age?
