

## Group Discussion and Application

1. List some of the purposes and values for repetition.
2. Look up the following passages: Phil 3:1; 2Pet 1:12-15; 3:1. What do these verses teach us about the importance of repetition?
3. What is the greatest danger of repetition? How can this be avoided?
4. What are some of the means of repetition the church should use to communicate Christian truth?
5. What are some of the ways you are personally learning the Bible and sound doctrine thru repetition?
6. What is significant about the fact that circumcised, resident aliens could join in the celebration of Passover?
7. What applications do you see to the teaching of vv. 43-49 that *all* the covenant people were to celebrate Passover? That *only* the covenant people were to celebrate?
8. What are some of the resources you have found helpful in handing down the truth of God's Word to your children?
9. What are some practical ways the local church congregation can assist parents in training their children in the truths of Christ?

## Personal Reflection and Response

1. One way we learn thru repetition is by the memorization of Scripture. Select one or more Scripture verses to memorize this week.
2. How can you help the parents in our church teach their children the Word of God?

## Family Homework

1. What is something you have learned through repetition?
2. Have each family member recite some of their favorite Scripture memory verses.
3. Review some of your catechism questions this week.
