

## Group Discussion and Application

1. What happens when we form our practices apart from sound theology?  
What happens when fail to put our theology into practice?
2. When do you feel nearest to God? Farthest away from God?  
What factors make the difference?  
What are some hindrances to drawing near to God?  
What specific actions can we take to draw near to God?
3. Read v.19. Paraphrase the following in your own words: *“hold fast the confession of our hope without wavering.”*  
What practical steps can we take to hold fast to the confession of our hope?
4. What fundamentally is required to stimulate someone to do something?  
What specific actions might we take to stir someone to love and good deed?
5. How has gathering with other believers affected your Christian life?

## Personal Reflection and Response

1. Write a specific action step to help you grow in each of the areas we studied:
