

Group Discussion and Application

1. How have you seen God provide for your own personal ministry?
How has God provided for our corporate ministry as Grace Fellowship?
2. List some of God's provisions for ministry.
3. In what human resources do people and churches sometimes place their confidence for ministry rather than God's provision? Give some examples of the Church seeking to do God's work by relying on man's ways and means. What are the results?
4. List some criteria we might use to determine if some method, means, technology, etc. should be employed in Christian ministry?
5. Why is Christ's authority important for Christian ministry?
What happens when this sense of authority is absent?
6. How can authority in ministry be wrongly claimed, misused, or abused?
7. How can a believer develop a greater dependence on Christ in ministry?
8. How does a person know if he/she is ministering in the power and provision of God, or by mere human effort and means?
